#### Buckle Up! The Jr. Livestock Show is Around the Corner

Staff Report

Take out your boots and jeans - and your checkbook. That is if you plan to support Fallon's youth during the Churchill County Junior Livestock Show & Sale.

Fallon's young competitors no longer have to brave Nevada's fickle spring weather, wind, and potentially freezing temperatures. The event will enjoy its second year indoors at the Rafter 3C Arena at the Churchill County Fairgrounds.

High school students from Churchill County High School and Oasis Academy FFA, youth members of the Churchill County 4-H, and Fallon's High Desert Grange programs will show their animals for top prizes April 27-29. "This is your opportunity to purchase locally-raised animals that will yield high-quality meat," said Karen Bogdanowicz, who facilitates the Churchill County 4-H program.

Competitors' livestock will be judged, along with their ability to handle their animals. They will demonstrate skills they have learned during the season in which they practice decision-making, project management, and

evaluation. During the Show and Sale, participants receive encouragement for their hard work and productive efforts, with many taking home prizes.

To purchase livestock from the event, potential buyers can attend the live sale and auction on Saturday, April 29. If buyers cannot attend in person, they can call the 4-H office and allow the event coordinators to do the rest, said Bogdanowicz. Other ways for the community to get involved and support these programs include sponsorship opportunities for awards and buckles or contributing to the CCJLS.

For a complete show schedule, check out https://nv-churchillcounty2.civ-icplus.com/.../2023-CCJLS.

#### **High Water and Flood Update**

By Rachel Dahl

During the board meeting Tuesday, April 4 TCID officials commended the work being done to prevent community flooding. "People are working tremendous hours, they are not sleeping well right now, we are really lucky to have the people we have," said Eric Olsen, board president. The flood operations team meets every Thursday.

General Manager Ben Shawcroft echoed Olsen's comments saying this year is different from the 2017 flood. "There is a lot going on with flood operations, these guys are monitoring constantly, and we are very busy," he said. "In addition to the flood issues, district staff is also ramping up deliveries, trying to clean out delivery structures."

Shawcroft said that there needs to be a sense of urgency about the flooding situation and after the town hall meeting held on March 23, the call center went from one call a day to over 25 each day, showing that people are becoming more aware.

He also reported that the plans for the second weir were received this week and work on the Big Berm in the Carson

#### Captain's Log - Enough

We are tired of snow. And the cold. I feel comfortable that it is a collective "we." Confident that I can speak on our collective behalf.

I started working on the Captain's Log a couple of days ago when there was still wind and snow... it was getting to me and I needed to vent. The last two days however, have been bliss.

Yesterday evening I actually finally got to sit in the sun on my front porch and watch the birds while the sun went down. I did grab a sweater, but my feet were bare. It was lovely.

And yesterday I wore flip flops in protest yes, but also an effort to encourage whatever Gods are running this winter that we've had enough.

I feel like with two days in a row of warm and the fields coming in green, there may be hope.

The endless winter may perhaps slink off into the sunset. And good riddance.

Yeah, yeah, "we need the water be grateful" and I am. But there are limits and judging from the constant vigil in which our community leadership is currently embroiled, its safe to say, "we're good."

Thank you, Mother Nature, it's time for sun and warm. All you church people can quit praying and fasting, the river is full. The weir is full. The Big Dig is flowing. Flood insurance is hard to come by.

Bring on the farmers markets, sunbathing, early morning weeding in the garden. My goats are shedding and there is wool to be gathered. Wool-gathering, naval-gazing, daydreaming under the cottonwood trees – ahhhhh, summer. I cannot wait.

While we sit toe-tapping and stashing away the sweaters and mud boots, we'll be right here waiting for summer while we're...

Lake Pasture is underway, creating an eight-mile-long berm that is six feet high to allow for increased water capacity in the Carson Lake. The second weir will allow more water to flow through the system as Lahontan continues to fill due to the historic amount of snowpack still in the mountains.

Kelly Herwick, watermaster, reported that on Tuesday, April 4 the gauge at Ft. Churchill was measuring 1,110 cubic feet per second flowing into the Lahontan Reservoir, and the lake level in the reservoir was at 109,457 acre-feet of water. There were at that time, 2,500 cfs being released from the reservoir into the Carson River below the dam. The reservoir, with the use of 20-inch flashboards, will hold 308,000 a.f. of water.

During the Churchill County Commission meeting on Thursday, April 6, Joe Sanford, Civil Deputy District Attorney, reported that the new forecasting numbers from April 1 were expected to

Image of 2017 downstream flood area in 2017. Estimates of potential water flow and flooding this year exceed that of 2017. Image from "Flood Mitigation Efforts" presentation by Churchill County and the City of Fallon.

be released at the weekly flood meeting. Estimates using LiDAR technology area have put the amount of water still in the mountains at nearly 1.1 million a.f., with a range of efficiencies dictating the amount of run-off, ranging from twice to three times the capacity of Lahontan. For the safety of citizens and construction personnel, community officials have closed Casey Road until further notice at the 26-foot drop, near the end of the pavement at the far west of the road, as the second weir is constructed. Local road closures due to High Water Operations include Casey Road at the 26-foot drop and Macari Lane.

In normal water years, the Newlands Project system provides irrigation water to local farms through a network of canals, ditches, drains, and small regulating reservoirs. In high water years, managing the system to prevent area flooding becomes a work of art, as evidenced by the careful management during the 2017 flood, as flows through the irrigation system are carefully choreographed through meticulous management and timing of water flows that protect the community and the project facilities. A local High-Water Call Center has been established and is monitored weekdays from 8 a.m. to 5 p.m. at (775) 867-5923 for non-emergency inquiries regarding high water such as sandbag availability, Lahontan Reservoir levels, weather forecasts, etc.

All current high-water information is available on the Churchill County website: www.churchillcountynv.gov (click on the blue tab at top of the page), City of Fallon's website: www.fallonnevada. gov (click on the red ribbon near the top of the page) and TCID's web page at: www.tcid.org and on Churchill County's Facebook and Twitter accounts.

#### Local Youth to Fill, Deliver, and Set-up Sandbags

Staff Report

Do live on the Carson River? Are you over 60 and or disabled? Do you need help with sandbags to help prevent possible flooding on your property?

Yes?Then you're in luck. Saturday, April 22 from 9 a.m. to 1 p.m., as part of the Global Youth Service Day local youth are here to help you. They will not only fill sandbags for you, they will bring them to you and set them up on your property per your instruction.

Sounds too good to be true? Maybe,

in some places, but this is Fallon, in Churchill County, Nevada and when someone needs help, there are people able and willing to help.

These kids are good, but they're not mind-readers. If you would like them to help you keep your lawn furniture from floating away and your feet dry, you need to call the High-Water Call Center no later than April 20 to arrange for this free service. Their number is (775) 867-5923 and the phones are staffed on weekdays from 8 a.m. to 5 p.m.

Our local youth are participating in

Global Youth Service Day. The program is the largest youth service and civic action event in the world and the only one that celebrates and builds the capacity of all youth ages 5-25 to help our communities and democracy thrive by working together for the common good.

Youth Services of America power the Global Youth Service Day with help from campaign sponsors, the Charles Stewart Mott Foundation and the Hershey Company along with program sponsors the Allstate Foundation and the Sodexo Foundation.

#### Leonardo's Vision

Above, freeze frame, duplicating The Last Supper in a live display during the performance; Below: Elijah Southfield from Fallon, in the role of Simon Peter. Photos by Sheri Samson

#### By Sheri Samson

When the famous Renaissance artist Leonardo da Vinci completed his painting of The Last Supper in 1497, could he ever dream that its historic significance would travel from Milan, Italy to become a live biblical drama on at The Fallon Theatre, during what Christians call Holy Week? This one-night performance reenactment on Tuesday night featured a costumed cast, highlighting a

dream sequence in which a young man sees Leonardo da Vinci interviewing the twelve disciples who had followed Jesus. The storyline takes place as the disciples are sitting with Jesus to take part in the Passover meal.

As this compelling story opens with Joseph Masih, as the young narrator, speaking with Leonardo da Vinci, played by Jonathan Clinger, the story unwinds with each disciple stepping onto the stage to have a one-to-one interview with the famous artist. As the Biblical passage of Matthew 26 documents this moment, the disciples had taken their place at the table with Jesus. The surprised expressions on the disciple's faces depict their honest reactions, as Jesus tells them that there is one at the table who will betray Him. This was the premise of the themed question that ran throughout the presentation, as each disciple asked aloud, "Is it I, Lord? Would I betray you?"

The original drama, written by Ernest K. Emurian in 1950, was adapted by Ned Welsh, a playwright from Coleville, CA. Welsh's rewrite, entitled "Leonardo's Vision" kept the original, historic drama, but added the adaptation that the famous artist met his subjects, by interacting face-to-face with the disciples while keeping the Biblical story of The Last Supper intact.

Within the disciple's interviews with Leonardo da Vinci, this quality cast of volunteer actors successfully expressed their truth from each character's point of view. Some reflected upon their humble love to follow Jesus, while others reflected on their sacrifice as an unwavering devotion to serving Him. Other disciples reminisced over past decisions, sharing

justifications for their actions, or details of personal moments spent with Jesus.

Gwen Ernst-Ulrich, director and spokesperson for the play, explained, "The men within our cast are not professional actors, as they are ordinary men who love Jesus. They have volunteered countless hours to memorize the script and learn about their character. All of our cast and crew remained flexible and were committed to the rehearsals since we began around December, although a few rehearsals moved to Zoom calls when weather and a landslide prohibited us from traveling. Every year our cast and crew changes, yet year after year the dedication has remained faithful for this annual presentation."

Ulrich explained that participating members primarily come from the areas of Yerington, Smith Valley, Gardnerville, Silver Springs, Fernley, and Fallon. This year there were three donated venues for the four presentations given, with over 30 participating in the cast, crew, and setup. The annual open call primarily goes out to eight Christian Churches, including Victory Baptist Church in Fallon. In this year's presentation the Fallon participants were Pastor Aaron McBride as Doubting Thomas; Simon Peter played by Elijah Southfield and Paul Robbins as Simon the Zealot. Local audience members expressed that the actor's words gave pause to think of the disciples as true human beings.

As one attendee shared, "This is a great way to compare ourselves to knowing Jesus today.

I honestly asked myself, would I ever deny Christ?'

#### From Tasmania to Fallon, NV-1000 Hearts

By Leanna Lehman

We have all had our hearts on our sleeves at one time or another. Life gets hard, and sometimes it may seem unbearable in the face of tragic loss, serious illness, or other devastating life blow. At times it may be hard to see the kindness around us. But quietly, gently, and often obscured by the noise of the challenges we all face, it lies in the little things. It lies in the heart

In 2016, far across the globe from our small Nevada town, in Hobart, Tasmania, quite by accident, a small kindness project was born. Through her work with charity organizations, Sara De Jonge found herself moved by how small acts of kindness impacted those she sought to help. On a whim, De Jonge began stitching pocket-sized hearts and giving them away – one thousand, to be precise. Soon, she was inspired to continue making the tiny talismans, each heart creating a much-needed connection. Before long, others joined in, and a community of "heartists" emerged.

Heartists are now a global network of caring individuals that not only believe in the power of connection and kindness but act upon it. While it may be unusual for a small-town movement born over 8,000 miles and several countries away

to take root in a small American agricultural community, it is no surprise that Fallon has its own Heartists now sharing love, kindness, and connection right here at home.

Local pickleball player
Carol Amos learned of the
project and soon began by
recruiting a little help. "When
I first found 1000 Hearts, I immediately hoped an amazing
friend would join in making
hearts," said Amos. "She is full
of heart and strength while
having a severe mental illness.
Happily, she is now making
hearts to share with others
who could use a bit of compassion and care."

Amos knew her fellow players would also be keen to join in. "Worldwide, pickleball players are some of the most kind, friendly, and giving people - on and off the court," said Amos. "I have made wonderful friends from all over the world and knew many from our Fallon Pickleball Club would jump right in and make hearts to give to others in compassion and care." And she was right. "They jumped in and are loving the 1000 Hearts Kindness Project."

According to Amos, when she began making these handmade talismans of love and encouragement, they were hand cut and hideous. Before long, she had given up her scissors for what she calls her "magically wonderful Cricut machine," which soon produced the little hearts perfectly and much more quickly. So far, Amos has made about 200 hearts, and she estimates about 500 are out in the community spreading kindness and comfort.

About a dozen Fallon Pickleball Club members are now making and sharing their hearts with others, including some community-based organizations. Ca-

trina Freeman, YDP Lead for the Fallon Youth Club, said, "I asked for the 1000 hearts to hand out to the children at the youth club to encourage these kids – to know that someone always loves and cares for them. And when they need to most, they look at the heart and give it a squeeze. When I handed them out to all the children, they loved them. They were so excited, and all had big smiles on their faces."

Lynn Strasdin, another heartist, said, "I feel attached to every heart I make. But maybe that love for the heart you make goes with it to the person who receives it. Hope it does transfer."

"More heartists are welcome," said Amos, who has a starter kit to pass out for those who would like to try. "After they try the starter pack and want to make more, I have colorful packages of felt heart cutouts to share with Fallon "Hearties."

For more information, please get in touch with Fallon Pickleball Club at FallonPickleballClub@gmail.com.

#### Locals help kick off UNR Softball Season

Local City of Fallon Councilwoman and UNR Alum Kelly Frost (CCHS Class of 1983) was asked to throw the first pitch at the UNR Softball game last weekend, celebrating Alumni Weekend. Also in attendance were fellow Churchill County High School grads Ali Tedford Connors (Class of 2015) and Ellen Townsend

#### How-to's at Churchill County Museum

By Jo Petteruti

If you'd like to learn how to tell your story, start a newspaper, live a life with books, or change your world, the Churchill County Museum has a Spring Lecture Series for you. The program, designed by Museum Education Curator Jennifer Jones, started on March 28 when Jessica Rowe kicked off the series with the "How To Tell Your Story While You're Still In The Middle Of It." Her discussion included the why of writing, the landmarks, and lightning strikes in your life to write about such as the turning points, your touchstones, and the threads that bind and hold your life steady. She spoke about being a cartographer and mapping your life experiences, then allowed the attendees to write a bit of

The Fallon Post's own Rachel Dahl told of her experience with starting our newspaper on April 4 in a light-hearted discussion. When Museum Director Mel Glover introduced Dahl, he quipped, "She is almost a one-woman show running around with her hair on fire and alligators up to her eyeballs." He went on to say, "I have respect for someone who is trying to keep small-town newspapers going, and we all know how important they are to a community.'

Rachel Dahl thanked all those in attendance, saying "It's not really accurate at all to say that I'm a one-woman show because most all of you in this room have participated in making this paper happen, and I am forever grateful for that." She said the idea for the newspaper started with her book club, then continued at Jo's Team Room, "and I have the napkins to prove it," which she

referred to as a collection of her touchstones that were all

in a box somewhere. She emphasized the importance of having a community newspaper and a community that supports it. She had fun describing her list of "do's" when starting a newspaper, beguiling attendees with her experiences and challenges for each. She said one should live a very full life

before ever starting, learn from those who've gone before, have very good friends, and have a lot of money lying around. She also told the group one must love to write, which she starts doing most days at 3 a.m. Be a true believer in your effort and never give up. She kept her discussion of the "don't" list just as amusing. Those included not dropping the "l" in "public," not printing opposing pages upside down, not forgetting to update the Captain's Log in the Friday subscriber email, and not putting the wrong text in a story (avoiding copy and paste errors).

On April 11, Library Director Carol Lloyd will discuss "How to Live a Life with Books" with its touchstones. The series concludes on April 18 with Food Hub Director Kelli Kelly who will discuss "How to Change Our World" with her life-changing touchstones.

Each discussion starts at 6:30 p.m. and is sure to be just as lively as the first two.

#### Speed Limits to Be Lowered on Section of I-80 East of Sparks

Staff Report

The Nevada Department of Transportation is lowering the speed limit from 70 to 65 mph on the section of Interstate 80 between Mustang and Orchard, just west of Fernley. The new speed limit signs may be installed as early as today, March 30, unless the work is delayed by the weather.

traffic and road characteristics to select the most appropriate speed limits, to improve traffic safety. In this geographically confined corridor, with the Truckee River on one side and hills on the other, increasing traffic volumes and speeds have created growing traffic safety concerns.

As the region continues to develop, traffic on the corridor has increased by almost 70% in the past 10 years, from 25,000 vehicles daily in 2011 to 42,000 vehicles in 2021. The crash rate on sections of the corridor is 115% higher than the statewide average for similar roadways.

NDOT will continue to evaluate this section of I-80, with

speed studies one and three years following the speed limit modification, to evaluate average traffic speeds, safety, and other factors relating to the new speed limit.

In the spring of 2021, NDOT also launched the Speed Management Action Plan to develop further strategies to manage speed on all roadways in Nevada and save lives.

Across Nevada, speed is a leading cause of traffic deaths. Traffic safety is NDOT's top priority. NDOT carefully reviews In a recent five-year period, there were 496 speeding-related fatalities in Nevada, representing more than a quarter of all fatal crashes. Traffic crashes at higher speeds can also be more severe. NDOT reminds motorists to follow posted speed limits. It is also illegal to drive faster than speeds that are safe for current roadway conditions. This means that drivers may have to reduce speeds well below the posted speed limit for safety during inclement weather or other adverse conditions.

Future interstate improvements based on safety, scoping, and corridor analyses in the area between Sparks and the Tahoe Reno Industrial Center are also being planned.

#### City Council Approves New Fee and Annexation

By Jo Petteruti

During the first meeting for the month of April, the Fallon City Council approved the Mobile Food Vendor license fee, the annexation of a parcel on Babbs Place, and reviewed the February Police

Department report statistics.

The council voted unanimously to approve an annual \$100 license fee for mobile food truck vendors wishing to do business in the city. Deputy City Attorney Trent deBraga told the council, "This is the opportunity for the city council to establish the annual mobile vendor license fee. The fee established by the city council will remain in effect unless amended at a later date by the city council. With staff having talked it over, we are recommending an annual mobile vendor license fee of \$100."

An ordinance for the annexation of an approximately one-half-acre parcel at 575 Babbs Place was up next for its public hearing. The property is owned by HSKS, LLC, is contiguous to city limits, and is planned for a single-family residence. DeBraga told the council, "This agenda item represents the public's opportunity to comment on the proposed

ordinance and to present relevant information and materials to the council." Councilwoman Karla Kent wondered if letters were sent to the neighbors to which Mayor Ken Tedford replied, "No, this just goes out in the newspaper."

When it was time to vote on the ordinance, deBraga said, "This agenda item represents the council's opportunity to consider the proposed ordinance as they see fit. The council is free to adopt the bill as introduced, or to amend the bill in any respect prior to its adoption." The city staff proposed an amendment with a new section (section 3) that states the annexation won't be effective until it's recorded via certified copy with the Churchill County Recorder's office. "Upon recording with the county, city staff will then send a copy of the recorded document to the Nevada Department of Taxation." The mayor had previously sent a letter to the county informing them of the intended annexation under consideration. Councilwoman Kent also verified the requirements that a streetlight would be installed and the sidewalk would be repaired in front of the parcel. The council unanimously approved the

ordinance as amended.

Fallon Police Department statistics for February 2023 were then presented by Police Chief Ronald Wenger who told the council total calls for service and total crimes were both down from February last year. His report also showed a drop in calls from 669 in January 2023 to 601 in February. There were 55 total arrests for February comprised of 6 felonies, 4 gross misdemeanors, 14 misdemeanors (all warrant arrests), and 5 juvenile arrests all for school disturbances. Moving citations were down from 102 in January to 79 in February while traffic accidents remained at 8 occurrences for both months. Citizen survey responses were very positive with one stating, "These two officers are the best. Give them a raise. Excellent police officers, keep them in Fallon. (Sgt. Bernard and Officer Atchison)."

There was no public comment concerning any of the agenda items, and with no staff reports or the need for an executive session, the meeting was adjourned at 9:14 a.m. The council's next regularly scheduled meeting is set for Tuesday, April 21 at 9 a.m.

#### School Board to Interview for Superintendent Next Week

By Rachel Dahl

The Churchill County School District Board of Trustees will hold interviews for the open superintendent position on April 13, beginning at 5 p.m., and on April 14 beginning at 1 p.m. in meetings open to the public at the district office located at 690 S. Maine Street.

A list of nine candidates was recommended by consultant Greg McKenzie at the March 22 board meeting after he met with a local community stakeholder group on March 8. That group rated and ranked each of the 23 applicants for the position to replace Dr. Summer Stephens who will leave the district on June 30.

The 14-member stakeholder group was made up of administrators, classified, licensed, union representatives, parents, and community representatives who reviewed the applications.

"These nine were all recommended by the group," he said. "It's not as much information you would like, I realize, but it's as much as I feel like I can give, especially about the candidates not currently selected."

The candidates to be interviewed include Christopher Bonn, from the Baboquivari Unified School District in Arizona, Blake Cooper from the Lyon County School District in Yerington, James Kuzma of the Clark County School District in Las Vegas, Brandon Moeller from the Clark County School District in Las Vegas, Derild Parsons who is currently serving as the Director of Learning and

Innovation and the Principal of Northside Early Learning Center in the Churchill County School District, Victor Sherbondy from the Washoe County School District in Reno, Scott Sparks from the Bonita Unified School District in San Dimas, California, Tim Spencer the principal at our Churchill County High School, and Patrick Traynor from the Lone Pine Unified School District in California.

Interviews will be held in public sessions in an open board meeting and all board members will ask questions of the candidates. The public is encouraged to attend but will not be allowed to ask questions of the candidates. McKenzie said there should be 8-12 major questions with follow-up for each candidate.

#### John David Caffrey

April 20, 1940 - March 30, 2023

John D. Caffrey of Auburn, AL (previously of Fallon, NV) passed away peacefully on Thursday, March 30, 2023.

John was born in Montclair, NJ on April 20, 1940 and grew up there where he met the love of his life, Marlene. John and Marlene moved all over the country and retired in Fallon, NV in 1999. They remained in Fallon, NV until the passing of Marlene in 2019. At that time, John moved to Auburn, AL with his daughter Carol-Ann and son-in-law Mike.

John is survived by his son Michael, son John and his wife Teri, daughter Carol-Ann and her husband Mike, brother Richard and his wife Elaine, sister Ann, grandchildren Carolyn, John Michael (Elisma), Connor, Sean, and great grandchildren, Gertrude, Willem, and Annelise.

In his professional career, John served

in United States Air Force and upon his honorable discharge went to work for Grumman Aerospace. John supported the Apollo Lunar Module, originally designated the Lunar Excursion Module (LEM) and ultimately the F-14 Tomcat Fighter Jet for the majority of his career. He remained with Grumman (Northrup Grumman) for 39 years until his retirement in 1999.

During his lifetime, John enjoyed riding his motorcycles, horses, his hunting excursions in South Africa, and most of all, spending time with his wife Marlene and family.

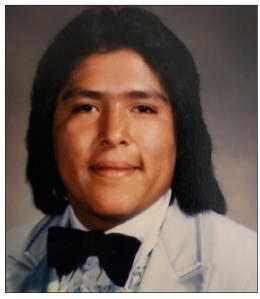

John will be placed next to his wife Marlene, at Arlington National Cemetery in Arlington, VA upon finalization of arrangements.

#### **Blanchard Dixon**

Blanchard Dixon, 53, of Fallon, NV, passed unexpectedly on March 30, 2023. He was born on March 31, 1969, in Schurz, Nevada to Wayne Dixon and Jackie Snooks. Blanchard grew up in Nevada.

He attended and graduated from Churchill County High School in 1987. He worked as a certified carpenter for the Fallon Paiute-Shoshone Tribe. And was a mechanic, working on vehicles for family and friends. He received certification and a business license to be an ASE certified mechanic.

He leaves behind his parents Wayne Dixon and Jackie Snooks, brother, Cody (Nikole) Rodarte of Washington State, sisters Juliana Dixon, Lorna Mauwee, Regina (Lewis) Bartlett of Fallon, NV and Tina Rodarte of Tempe, AZ, also his, children Eric, Jessica, Rachel, Erin Dixon, Monica, and son in law Brandon Andrieux, and his partner, Sheila Shoshone, is grandchildren Oren, Nevaeh, Nyla, Eric's kids, and numerous nieces and nephews and great nieces and great nephews.

He is preceded in death by his Grandson Kenai Wolf Andrieux and great nephew Colin Mauwee and great niece Aiyana Mauwee.

Viewing will be the FPST Tribal Gymnasium 8955 Mission Road, Fallon, NV on Friday, April 7, 2023 from 5-7pm. Funeral Services will be at the FPST Tribal Gymnasium on Saturday, April 8, 2023 at 11:00 am. Burial will follow at the FPST Tribe Cemetery.

#### Law & Order

#### **District Court News**

By Teresa Moon

The Tenth Judicial District Court convened Tuesday, April 4, with Judge Thomas Stockard presiding.

Nicholas Pierre Ashley appeared for sentencing on a Category D Felony of Convicted Sex Offender Violating Provisions and a Gross Misdemeanor charge of Assault on an Officer. Fees and assessments were imposed, and the judge sentenced Ashley to 12-36 months in Nevada State Prison on the Category D charge, suspended, with 24 months probation, standard conditions to apply. Ashley was ordered to obtain a substance abuse evaluation and follow the recommendations as well as maintain full-time employment. On the Gross Misdemeanor, fees and assessments were imposed, and Ashley received a sentence of 30 days in Churchill County Jail, to be served 2 days at a time within six months. Ashley was also ordered to keep his sex offender registration current.

Robert Webster Going pleaded guilty to a Category C charge of Battery Causing Substantial Bodily Harm, which carries a potential penalty of 1-5 years in Nevada State Prison and a fine of up to \$10,000. A Pre-sentence Investigative Report was ordered, sentencing was set for June 20.

Sarah Arlene Marsh appeared on a technical probation violation. Marsh admitted she consumed alcohol the morning of her hearing. The judge ordered Court Services to test her, results showed a blood alcohol of .35. The judge found Marsh in Direct Contempt of Court for appearing in court under the influence. He sentenced her to seven days in Churchill County Jail and she was remanded to the Churchill County Sheriff for imposition of sentence. A Status Hearing was set for April 11.

Matthew Logan Spry, in custody, pled not guilty to five Category A Felonies: 1) Lewdness with a Minor under the age of 14, 2) Sexual Assault of a Child Under the age of 14, 3) Sexual Assault of a Child Under the Age of 14, 4) Sexual Assault of a Child Under 14 Years of Age, and 5) Incest. Count 1 carries a potential sentence of life in Nevada State Prison, with the possibility of parole after 10 years, and a fine of not more than \$10,000; counts 2, 3, & 4 carry a potential sentence of life, with the possibility of parole after 35 years; count 5 carries a potential penalty of two years to life. A trial was set for August 7 through 11. A settlement conference was set for May

Lawrence Franklin Charles pleaded guilty to a Category D Felony of Driving under the influence of Intoxicating Liquor or a Controlled or Prohibited Substance, a 3rd or subsequent offense, which carries a mandatory sentence of 1-6 years in Nevada State Prison and a fine of \$2,000 - \$5,000 unless the defendant applies for and complete the DUI diversion program. A PSI was ordered, and sentencing was set for June 27. Charles was ordered to provisionally enter DUI diversion on April 12, and he is to be supervised by Court Services until that date.

Matthew Alan Lee, in custody, pleaded guilty to a Category E Felony of Possession of a Controlled Substance (methamphetamine). Lee received a suspended sentence of 19-48 months in Nevada State Prison and 18 months probation with standard conditions. He was ordered to obtain a substance abuse evaluation and follow the recommendations. Fees and assessments were imposed.

Jillian Olivia Yesslith, in custody, appeared for sentencing on one charge of Grand Larceny of Personal Goods or Property which can be sentenced as either a Gross Misdemeanor or as a Category E Felony. She and a co-defendant allegedly stole an air conditioning unit. Fees and assessments were imposed and the judge sentenced the charge as a felony. Yesslith received a sentence of 19-48 months in Nevada State Prison, suspended, 18 months probation, and was ordered to complete 250 hours of community service, suspended. Along with standard conditions of probation, the judge ordered the defendant to enter and complete a long-term residential treatment through Indian Health Ser-

vices. She is to remain in custody until she has a bed date and is to return to court when she completes the treatment. No contact with co-defendant Kyle Fuller was ordered.

Bryan Ray Golding, in custody, pleaded guilty to a Category E Felony of Possession of a controlled substance (methamphetamine). Following arguments by ADA Lane Mills and PD Jacob Sommer, Golding was sentenced on 3 charges. On the Category C Felony of Attempt to Ownership or Possession of a Firearm by a Certain Prohibited Person, he received 24-60 months in Nevada State Prison. On the Category E Felony of Possession of a Controlled Substance, he was sentenced to 12-36 months, to run consecutively. On the second Category E Felony of Possession of a Controlled Substance, the sentence was 19-48 months, to run consecutively for a total of 55-144 months in Nevada State Prison. All sentences were suspended, and Golding was placed on probation with standard conditions. Additional conditions include Golding entering and completing Western Regional Drug Court, obtaining both a substance abuse evaluation and a mental health evaluation, and following the recommendations of both evaluations. Fees and assessments were imposed.

Jordan Annmarie Clairmont, in custody, admitted to a technical probation violation with several allegations, including failure to make any payments on restitution, continued use of alcohol and drugs, failure to report, and petit larceny. The judge temporarily revoked probation for 30 days, which Clairmont had already served. Probation was reinstated with standard conditions. She was also ordered to obtain a substance abuse evaluation within 30 days and follow the recommendations and make payments to restitution of \$80 a month beginning this month. Probation and Parole was ordered to report immediately if a payment is missed.

#### Trotter Arraigns Badilla on Serious Sexual Assault Charges

By Teresa Moon

Joseph David Badilla, in custody, appeared for arraignment on three Category B Felony charges of Lewdness with a Child Under the Age of 16. Count 1 alleges Badilla interacted with a 14-year-old with the intent of arousing the feeling to or gratifying the lust or pas-

sion or sexual desires of himself or that individual in December 2020. Count 2 is the same allegation with the action occurring in January 2021. Count 3 alleges Badilla also interacted with a 15-year-old with the same intent as counts 1 and 2, at a different location, sometime between October 1 and December 2, 2022.

Badilla told the court he is in the process of retaining Richard Davies as his attorney. Custody status was addressed. In requesting release on his own recognizance, Badilla told the court he has lived in Churchill County for many years, has had the same job for 10 years, is a property owner, and did not do anything to hinder the investigation. ADA Priscilla Baker said the state objects to an OR release for the safety of the community. She said the victim is no longer in the home; however, Badilla is in a relationship with the mother of the victim and they share children in common. Baker said the state is adamant that regardless of whether the defendant is in custody or out of custody, there be no contact with the victim either directly by himself or through any third party. She said the state believes bail is appropriate. The judge stated said

he is going to issue an order designating no contact with the alleged victim in this case by Badilla or by anybody on his behalf. The judge found no clear and convincing reason to require bail based on the length of time Badilla has lived here and been employed.

In 2020, the Nevada Supreme Court decided in Valdez-Jimenez v. Eighth Judicial District Court that courts may impose bail only if the prosecutor "proves by clear and convincing evidence that it is necessary to ensure the defendant's presence at future court proceedings or to protect the safety of the community, including the victim and the victim's family"

The judge granted Badilla be released on his own recognizance, telling the defendant that if he violates any of the following conditions his bond will be set at \$450,000 bondable. The conditions of release are that Badilla shows up for all his court hearings, he has his attorney contact the court and let them know he is representing the defendant and Badilla has no further criminal violations and follows the no contact order.

A Status Hearing was set for April 13.

#### City and Fallon/Churchill Volunteer Fire Department Begin Annual Fire Hydrant Testing

Staff Report

City of Fallon and the Fallon/Churchill Volunteer Fire Department will be testing fire hydrants during the evenings, April 2, 2023, through April 28, 2023. The annual testing is vitally important to ensure the system is functioning properly and is one of many requirements that the Fire Department must complete in order to maintain its ISO Class 1 rating. Maintaining an ISO Class 1 rating can help to reduce insurance rates that homeowners pay within the City.

During this period of peak fire demand water testing, it is common for water consumers to experience discolored water. The discoloration occurs due to

> abnormally high flows in the piping system, which can stir up small amounts of naturally occurring sediment. Please remember that although the water may be discolored, it has been properly treated and is entirely safe. If the water is heavily discolored, you may wish to temporarily refrain from drinking or washing

clothes. After testing is complete, any discolored water in your home can usually be removed by flushing your water pipes for several minutes. It is best to flush cold water from an outdoor hose bib or an interior bathtub fixture.

We sincerely regret any inconvenience that may result from this vitally important fire flow testing of our water system. If you have any questions, please contact the City Clerk's Office at 775-423-5104

#### ChurchillCSD - Care Solace Spring Break Message

By Kaitlin Ritchie

As Spring Break comes to an end we would like to check in with our students, staff, and their families.

For most of you, we know this was a much-anticipated break, but for others, Spring Break could have been stressful, lonely, and full of frustration.

If you or a loved one experienced difficult emotions this last week as you slowed down during Spring Break, you're not alone. Here is a video (https://vimeo.com/586518580/8d3375132b) on how to access support through an anonymous Care Match website (https://caresolace.com/site/churchillcsd) Save these resources in case you need help at any time: https://bit.ly/ChurchillCSDMental-HealthResources

Spring Break is usually associated with itineraries, socializing, and traveling - which can wear you out. As the break ends maybe what you need is to slow down and decompress.

You may be surprised at all the ways there are to relax and unwind, to reset your brain, here are a few suggestions, hopefully, one of them will work for you. By simply limiting your screen time, a small digital detox can pay off big. Leave your phone in your room, or across the house. When you meet a friend for lunch, give them your full attention and leave your phone in the car. Clean out your social media accounts and spend some time purging out what is no longer valuable. Get a little more rest than you would during school time and take a nap. Are naps not your thing? Go outside, even in the snow or the rain, a few deep breaths outdoors are very cleansing. Exercise is also a good way to reset not only your

body, but your brain, and exercising outside is even better. Spring break is a perfect time to declutter your life. Organize those closets and drawers, find things to sell, donate, trade with a friend, or throw away. Straightening your environment

is a great way to start straightening your life.

If you or a family member would like help finding a mental health care or substance use treatment provider, contact Care Solace, a complimentary and confidential coordination service provided by Churchill County School District. Their number is 888-515-0595 and multilingual support is available 24/7/365. You can also visit caresolace.com/ churchillesd and either search on your own or click "Book Appointment" for assistance via video chat, email, or phone.

We hope you have all had a happy Spring Break. We look forward to welcoming our students and staff back on Monday, April 10, refreshed and ready to tackle the last seven weeks of school.

#### Bighorn Bulletin -- News from Oasis Academy

#### Learning About Biomimicry

By Angela Viera

First graders have been learning about biomimicry. They were given the task of using a turtle for inspiration to create items that could protect them while riding a bicycle. Students came up with multiple ideas from helmets to knee and shoulder pads.

"The students really enjoy hands-on learning, and this was a great way for them to demonstrate what they know about biomimicry," said teacher Sara Peixoto.

#### Inaugural Baseball Team Starts off with Success

By Hunter McNabb

Crowds cheer, bats swing, baseballs soar, and of course, spectators have the opportunity to enjoy their jumbo pretzels and soft drinks. Very few pastimes are as gratifying as a baseball game. Oasis Academy College Prep finally has the opportunity to partake in this tradition as students started their inaugural baseball season this year.

The new program provides additional options for students looking to

participate in spring sports or wishing to participate in a program previously unavailable to them. Many student athletes have expressed interest and the team has had the opportunity to recruit a diverse pool of players.

Organized by Sean McNabb and Nasser White, the experienced athletic mentors expressed optimism regarding the upcoming season.

"I'm excited to see how the boys are growing as a team. The future looks bright for Bighorn baseball," said coach Sean McNabb.

Over the weekend, the Bighorns won two games in a doubleheader against the Yerington JV baseball team.

To learn more about Oasis Academy athletics, visit Oanv.org or contact Athletic Director, Dusty Casey at dcasey@

#### Graduation Information

The Oasis Academy College Prep Class of 2023 will graduate on Thursday, May 25 at Barkley Theater. The Processional will begin at 7 p.m. Each senior will be given 8 tickets for reserved seating for the ceremony to be passed out in early May.

"We are excited to have an indoor ceremony again. We have so many talented seniors this year. It is bittersweet to see them leave, yet so exciting to see what they will accomplish in life," added Rochelle Tisdale, CAO.

#### Senior Spotlight: Maria Garcia-Carrillo

Maria Garcia-Carrillo started attending Oasis Academy during her freshman year and she is finishing early. This Oasis Academy College Prep student is ready to tackle the next challenge. She completed her high school requirements in three years and will graduate in May.

"I pushed myself to graduate high school early because I knew the career path I wanted to take. Graduating early gives me the opportunity to get on track with my dream career even earlier," she said.

"My favorite memory is meeting the teachers and the staff for the first time. I've loved every moment of it and I love that I took the opportunity to be part of the school," she said.

While Garcia-Carillo doesn't have one specific teacher she'd like to thank, she is grateful to the school and has a class that sticks out in her memory.

"I would like to thank all the teachers at Oasis that have helped me throughout my time, but my favorite class would have to be Government because Mr. Eric Grimes made learning about it fun. It was just amazing, a great time full of laughter and jokes and learning," she said.

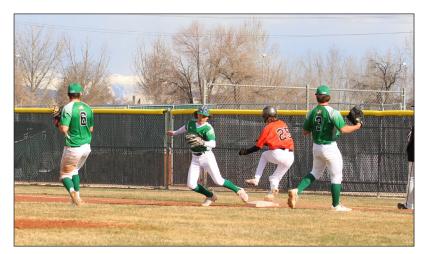

"My advice for future Oasis students is to have school spirit. It'll make a more memorable high school experience," added Garcia-Carrillo.

After graduation, she plans to join the army reserve and eventually go into active duty.

#### Greenwave Sports

The Greenwave Varsity Baseball team sits at 9-2 overall and 4-2 in league play after last weekend's games. They beat Fernley on Friday 11-3 then split a doubleheader on Saturday winning the first game 17-7 and losing the second game 8-6. With spring vacation this week, they don't play again until April 14 and 15 at home against Dayton. The JV squad is 8-1 overall and 8-1 in league play after last weekend's games against which they won 12-4 and 20-5. Next up is Saturday, April 14 at home against Dayton.

In Greenwave Varsity Softball the team is 10-4 overall and 4-0 in league play. Last Friday and Saturday they played in the Reed Tournament losing to Reed 7-4, beating Atwater 12-2, losing to Alhambra 8-5, losing to Chico 6-4, and defeating Carson 10-2.

In swimming: South Tahoe defeated Churchill 160-45. The girls overtook the 500 Freestyle, Rebecca Smith (SR) 3rd 7.19.01, Katelen Helton (JR) 4th 7.19.35 Evelyn Lott (JR) 5th 7.23.28 Jocylyn Miller (SO) 7th 8.14.43

Boys 400 Freestyle Relay placed 2nd 4.40.75 William McLean, Michael Liston, Miles Henning, and Gerik Wassmuth.

In Track at the Reed/Sparks Invitational, Churchill County had several top-ranked finishers. The results can be found here: https://www.athletic.net/TrackAndField/meet/485865/results/all.

#### **Cheek Construction Attends Career Expo**

Staff Report

Staff from Cheek Construction attended a career expo at the Fallon Youth Center. Attendees were local youth ranging in age from 6-17 years old.

Cheek Construction team members fielded questions throughout the day, ranging from if engineering skills could help with estimating, to whether or not an employee has ever gotten stuck in concrete.

Interestingly, one of the best parts of attending the event at the Fallon Youth Center was that Cheek Construction poured the foundation and did the site work for this facility in 2019/2020.

### What I Learn in School

The problems students faced going to school years ago, compared to some problems students worry about and face today are incredibly different. There are the same basic concerns there, like doing homework, passing that big test, or meeting friends in the hallways. Although, due to great changes in the world such as new technology, social networks, and the way students deal with their stress and anxieties, this has made the school system unbearable for some.

As students, we no longer go to school just to learn about the basic education we need to improve our futures. Things like, where to hide when an unfamiliar sound echoes through the halls, or what to do when faced with a danger that is walking into the school. What hotlines to call when all you want to do is escape the world. How to stay safe on social media apps from predators, or things that will get you in trouble. These are the things we learn in the school system today. These are things I've had to deal with throughout my entire life that many adults haven't even given a second thought to.

Our countries' school systems are failing each and every student, by allowing these issues to even have a place to begin with. We shouldn't have to learn what to do when we feel our well-being is in jeopardy in a place where we are forced to be. The administration needs to come up with different ways to help teach about these topics without scaring their students or staff. I want to go back to school to strictly learn about topics that will push me to be my best one day, and not have to learn about topics that will keep me safe.

#### Heaven on Earth Horoscopes: *April 7-13*

This week we feel the heavenly influences of living just a little bit louder and larger. We are able to take a look at our lives and see the bigger picture. We might see how good we have it and feel lucky and grateful. We might see where we have been underestimating ourselves and feel inspired to do better for ourselves by believing more in our inner gifts.

Aries — have faith in your pursuit. Slow and steady avoids foolish, perhaps spontaneous sidetracks that pull you away from your purpose. Don't worry if this feels like having to start from scratch again. Focus on the intent of your emotional or creative pursuit to overcome "having to go first".

Taurus — be gentle with your tough love. You have a compassionate touch this week to overcome dealing with a tough situation or person. The "tough" part isn't about your style, rather it is the nature of who/what you are dealing with that makes it tough. That gentle hand and finesse of yours is what will get someone to budge.

Gemini — shortsightedness might have you miss an opportunity if you play into your shadow this week and stay in the mopes. Luckily, your keen perception is well aware that you need to give a little, engage a little, and let a little go in order to get along.

Cancer — you can overcome the temptation to play the martyr this week by creating your own sense of balance and stability. Your strength is being able to cut ties with old reactive behavior patterns and seek the comfort of being home in your body. In this way you can face your fear, break a chain, and release the need to talk about it.

Leo — let go of thinking it won't work out. There is positive energy this week that can see projects completed, create a sense of fulfillment with your situation, or just open your heart to the good life. It's time to live large and believe in your dreams, believe you deserve the best and then go make it happen!

Virgo — there are so many excuses, reasons, and explanations you have been holding onto. Your shadow has been holding you back afraid to make the necessary sacrifice. But alas! This week brings in a new fiery energy of faith in yourself, faith to begin, and a desire to

make a decision to seize your power and make something happen!

Libra — you might have lost your faith in someone for a while there Libra, but this week gives you a chance to receive a little divine intervention in the form of higher awareness. A lot may become clear for you and help you learn through surrendering your point of view so that you may be able to understand someone else's.

Scorpio – Emotional equilibrium is the end result and reward of this week if you can release the expectations you have about someone close to you. Luckily, your inner strength gives you the ability to release all the weight you have been carrying for quite some time now. Putting down your burdens frees up a new kind of emotional responsibility for you.

Sagittarius — a little divine discontent can help move you towards making a decision for your happiness, health, and fulfillment. Your inner strength is bringing this to the surface for you to address this week. Something that you may have been pushing away for later is now calling out a little louder, as it no longer wishes to be ignored.

Capricorn — you'll have the strength to move to higher ground this week as you work through the mental steps that take you higher. Through this process you will have the opportunity to see where you cling too tightly, where you need to let go of the past, and finally to that high ground where you can express yourself through the heart rather than the mind.

Aquarius — this week will help you see the sunny side of life. You can look around and realize things aren't perfect and feel perfectly fine with that. This will help you really enjoy what you have, where you're at, and who you're with. Your energy is returning, helping you feel empowered, and able to make positive differences in your life.

Pisces — you have the opportunity for a relationship to become closer this week. Cooperation and forward progress seem to outweigh and overcome any differences you may have with your person. This shift is allowing you to build a stronger foundation for a more grounded, enduring relationship.

Rebekah Dahl interprets heavenly influences to help bring wisdom, love, and empowerment into our earthly experience.

#### What's Cookin' in Kelli's Kitchen -- Pizza Stuffed Chicken (by Dad)

So, a few days ago when I was sitting in my thinking chair gazing out over the rolling fields, spring blossoming gardens, and forests of my sprawling (=7500/3000) acres in SW Washington State, I called my famous daughter Kelli Kelly to wish her a happy birthday. Besides her birthday wishes our call spanned my hinting of a need for some monetary help in replacing my old car and truck, her hinting of the need for her to get off of the phone to get her day going, and her also hinting that a meal that I had recently prepared might make a good subject for a "Fallon Post" article for her column. Lots of hints, so the subject of this recipe is the keyword "Hint."

As a proud father, I have been reading "What's Cooking in Kelli's Kitchen," aka "What's Happening in Kelli's Kitchen," since I learned that she had a column in the "Fallon Post." One of the recipes that I sent her for my world-famous Slumgullion has unfortunately never made it into her column. My recipe for Green Beans with Bacon and Onion was posted so I guess that I cannot be disappointed.

A few weeks ago, we decided to again follow a Keto diet as my blood sugars, blood pressure, and weight had all increased since that first of an uncountable number of bags of potato chips that started in the fall. We all have heard about chicken pizza but this one is Pizza Stuffed Chicken. This recipe is best accompanied by a steamed Keto friendly vegetable. Our choice here is either broccoli or Brussels sprouts. Note that this recipe is found in many different iterations on the interweb but has been adapted for our local tastes.

#### Ingredients:

- 4 or more skinless and boneless chicken breasts (hint: leftovers are really good)
- Olive or avocado oil (I prefer to use avocado)
- Italian Seasoning (I went through an entire 0.65-ounce bottle of Spice

Islands when I made this recipe for 8 large breasts, so be liberal in the application)

- Garlic cloves adequate to provide minced garlic that will give a hint of garlic. (My hint is not your hint, so the amount will differ.)
- Black Pepper
- Salt
- Pepperoni (thinly sliced)
- Garlic spaghetti sauce or marinara
  sauce
- Sliced mozzarella cheese
- Additionally required:
- Baking pan of the size necessary to hold all of the breasts
- Baking String (I use white cotton string)
- Non-Stick frying pan with deep sides to capture hot oil splatter

#### Instructions:

- Preheat the oven to 400° F. Pour enough of the sauce into the baking pan to cover the bottom.
- Wash the chicken and then pat the breasts dry using clean paper towels or a cloth towel.
- Using a sharp knife, cut pockets into each chicken breast, ensuring that you do not add your own special marinara to the mix by cutting your hand or finger.
- Season the chicken thoroughly, inside and out, with the Italian seasoning, salt, and pepper.
- Stuff the pockets with pepperoni,

- mozzarella, and adequate minced garlic to give that hint of garlic to the finished breasts. Then using kitchen strings tie the pockets closed.
- Heat a non-stick pan over medium to high heat and add enough oil to coat the bottom. Sear the chicken on every side until it reaches a light brown color.
- Remove the chicken from the pan and place it into the baking pan. Cover each breast with more slices of pepperoni and mozzarella. Then top with the remaining sauce.

Bake for 18-20 minutes until the chicken is cooked through. Remove from oven and let rest for a few minutes before serving.

Hint: that difficult to chew and digest bite of chicken is the string, so ensure that each tied string is removed before serving.

Now I have no idea the actual nutrition facts regarding this recipe. I have my nutrition facts:

Nutrition Fact: Yummmmmmmmmmm!

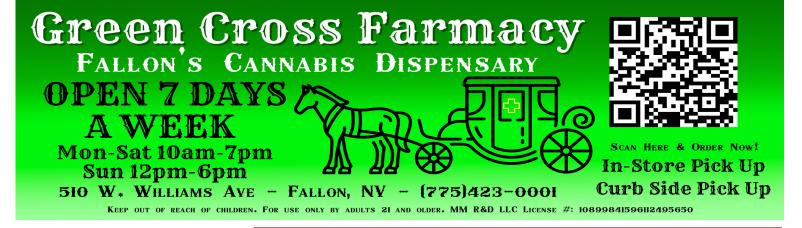

Left-over Fact: Double Yummmmmmmmm!

#### Carol's Book Report

#### Earth's the Best Place for Love by Elizabeth Berg

Berg builds on her previous novel "The Story of Arthur Truluy," by taking us back to Mason, Missouri to tell the story of Arthur as a young adult. We meet his family and view the close relationship he has with his mother and brother, and how he struggles to understand his father who clearly has

Arthur works to develop a friendship with the popular and beautiful Nola and hopes they will be more than just friends. Tragedy strikes the family and we follow Arthur as he deals with that and finding his place in the community. Things come together in the end and we get a better feel for how Arthur came to be the person he becomes. Elizabeth Berg can write little slices of life like no other. A wonderful book.

This title is available in print at the library and on downloadable audio and eBook through Overdrive/Libby.

Carol is the Director of the Churchill County Library. Books like this help her to understand the human condition.

> Carol Lloyd April 2023

After what feels like an eternity of winter, it looks like the warm weather is finally here, just in time for Easter. In order to will spring into existence, we wanted to share this delightful image of May and Anna Mills in the garden. We hope that whatever your weekend plans, you get the opportunity to take some time to enjoy the great outdoors!

#### **Movies & More**

Your Community-Owned & Operated Fallon Theatre

Thanks everybody for joining us at the free Leetville Junction Band concert last Saturday night. We have another great lineup this weekend for you - not only a couple of great movies but a very special live concert on our stage by George Morrow's Band, Electric Kazoo Orchestra.

Here is what we have for you.

Starting Friday, April 14, at 6 p.m., we will be showing the 2012 family adventure film "The Lorax." A 12-year-old boy searches for the one thing that will enable him to win the affection of the girl of his dreams. To find it he must discover the story of the Lorax, the grumpy yet charming creature who fights to protect his world. Voices provided by Zac Efron, Taylor Swift, Danny DeVito, and Betty White. Our second movie Friday evening, at 7 p.m. features John Wayne starring in the 1963 classic western "McLintock." Wealthy rancher G. W. McLintock uses his power and influence in the territory to keep the peace between farmers, ranchers, land-grabbers, Indians, and corrupt government officials. Stars John Wayne, Maureen O'Hara, and Patrick Wayne.

Saturday evening, April 15 at 6 p.m. we will again be showing "The Lorax." At 7 p.m. Saturday, we will be featuring great live music with Fallon's own Electric Kazoo Orchestra. Join us for this local band's first appearance on our historic stage. Tickets are \$10 and can be purchased in advance or at the door. All proceeds are being donated by the orchestra to the Fallon Theatre. Thank you.

On Sunday afternoon, April 16, at 1 p.m. we will be showing a film by award-winning filmmaker, Robin Adair from Silver Springs. "Crazy Woman Creek" is a new feature-length western film set in the late 1800s in fictional Western Nevada towns. The story is about a woman who is abandoned in the desert, becomes lost, and lies down to die but is discovered by a crazy woman and her goat. Much of the movie was filmed in Virginia City.

All movies on Friday, Saturday, and Sunday are free. Don't forget the music keeps coming as Split Persona along with The Will Shamberger Band take our stage next Saturday, April 22. The concert starts at 7 p.m., tickets are \$12.

NOTICE OF AVAILABILITY DRAFT ENVIRONMENTAL ASSESSMENT

FOR THE WILDLAND FIRE MANAGE-MENT PLAN AT NAVAL AIR STATION FALLON, CHURCHILL COUNTY, NEVADA

The United States Department of the Navy (Navy) announces the availability of, and invites public comments on the Draft Environmental Assessment (EA) prepared for the proposed implementation of a Wildland Fire Management Plan (WFMP) at Naval Air Station Fallon (including the Fallon Range Training Complex) in Churchill County, Nevada. The goals of the proposed WFMP are to mitigate wildland fire hazards on NAS Fallon assets and resources; enhance habitat through preventative fuels treatments and post-fire remediation; collect and analyze fire data and implement adaptive management; and build and strengthen interagency cooperation. The WFMP also identifies

minimize and address military-caused

The Draft EA is available electronically for public review from April 6, 2023 through May 6, 2023 at https://cnrsw. cnic.navy.mil/Operations-and-Management/Environmental-Support/ Public-Information-Access-to-Navy-Projects/. A hard copy of the Draft EA is available at the Churchill County Library, in Fallon, Nevada. Comments on the Draft EA and requests for hard copies, may be submitted to NAVFAC SŴ, Attn: NAS Fallon Wildland Fire Management Plan EA, NEPA Project Manager (Code EV25.AP) Naval Facilities Engineering Systems Command Southwest 750 Pacific Highway (12th Floor, Environmental) San Diego, CA 92132-5190, and must be postmarked no later than May 6, 2023.

#### ADVERTISEMENT FOR BIDS City of Fallon Fallon, Nevada Oats Park Pickleball Courts

#### **General Notice**

The City of Fallon (Owner) is requesting Bids for the construction of the following Project:

Oats Park Pickleball Courts PWP-CH-2023-289

Bids for the construction of the Project will be received at the City of Fallon Administrative Office located at 55 W. Williams Ave., Fallon, Nevada 89406, until Thursday, April 20, 2023 at 2:00 p.m. local time. At that time the Bids received will be publicly opened and read.

Work for this project consists of removing the existing outdoor tennis courts located at Oats Park, including existing court surface, netting, and chain link fence, and installing new pickle ball courts, chain link fencing, sidewalk, drinking fountains and benches as shown on the Contract Plans and in accordance with the Contract Special Provisions. Contractor shall subcontract with a professional tennis court surface installer for removal of the existing court surface and installation of the new court surface.

#### **Obtaining the Bidding Documents**

Information and Bidding Documents for the Project may be examined at the City of Fallon Administrative Offices or obtained at Rick's AEC Reprographics at the following locations:

City of Fallon Engineer's Office 55 W. Williams Ave., Fallon, Nevada 89406 Rick's AEC Reprographics 488 Kietzke Ln., Reno, Nevada 89502

Prospective Bidders are urged to register with the City of Fallon as a plan holder, even if Bidding Documents are obtained from Rick's AEC Reprographics or other source in either electronic or paper format. Those on the plan holder list will be updated periodically with addenda, lists of registered plan holders, reports, and other information relevant to submitting a Bid for the Project. All official notifications, addenda, and other Bidding Documents will be offered only by the Owner. Neither Owner nor Engineer will be responsible for Bidding Documents, including addenda, if any, obtained from sources other than the designated website.

Prospective Bidders may obtain or examine the Bidding Documents at the City of Fallon Engineer's office on Monday through Friday between the hours of 8 A.M. and 5 P.M. and may obtain copies of the Bidding Documents from Rick's AEC Reprographics as described below. Partial sets of Bidding Documents will not be available. Neither Owner nor Engineer will be responsible for full or partial sets of Bidding Documents, including addenda, if any, obtained from sources other than the locations listed above.

NOTICE OF FINDING OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS

March 27, 2023

Walker River Paiute Tribe 1063 Hospital Road, Schurz, Nevada 89427 (775) 773-2306

These notices shall satisfy two separate but related procedural requirements for activities to be undertaken by the Walker River Paiute Tribe

#### REQUEST FOR RELEASE OF FUNDS

On or about April 14, 2023 the Walker River Paiute Tribe will submit a request to the Southwest Office of Native American Programs (HUD) for the release of Indian Community Development Block Grant (ICDBG) funds under Title 1 Section 106 of the Housing and Community Development Act of 1974, and Indian Housing Block Grant (IHBG) funds under Title 1 of the Native American Housing Assistance and Self-Determination Act of 1996, to undertake a project known as NW for the purpose of, developing and constructing a Nutritional Wellness and Food Sovereignty Center that will provide space for the Food Pantry, COVID-19 Vaccine Clinic, Nutritionist Services, Commodities, Food Storage, Food Sovereignty, Teaching Kitchen, and cultural programs and other services to the Schurz community, estimated funding (ICDBG \$1,035,000.00)

Total: \$1,035,000.00

#### FINDING OF NO SIGNIFICANT IMPACT

The Walker River Paiute Tribe has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. Additional project information is contained in the Environmental Review Record (ERR) on file at the Walker River Housing Department located at 1063 Hospital Road, Schurz, Nevada 89427 and may be examined or copied weekdays 8 A.M to 4:30 P.M.

#### PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to the Walker River Housing Department. All comments received by April 14, 2023 will be considered by the Walker River Paiute Tribe prior to authorizing submission of a request for release of funds. Comments should specify which Notice they are addressing.

#### **ENVIRONMENTAL CERTIFICATION**

The Walker River Paiute Tribe certifies to Southwest Office of Native American Programs (HUD) that Olen McCloud in his capacity as Tribal Chairman consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to the environmental review process and that these responsibilities have been satisfied. HUD's approval of the certification satisfies its responsibilities under NEPA and related laws and authorities and allows the Walker River Paiute Tribe to use Program funds.

#### OBJECTIONS TO RELEASE OF FUNDS

HUD will accept objections to its release of fund and the Walker River Paiute Tribe's certification for a period of fifteen days following the anticipated submission date or its actual receipt of the request (whichever is later) only if they are on one of the following bases: (a) the certification was not executed by the Certifying Officer of the Walker River Paiute Tribe; (b) the Walker River Paiute Tribe has omitted a step or failed to make a decision or finding required by HUD regulations at 24 CFR part 58; (c) the grant recipient or other participants in the development process have committed funds, incurred costs or undertaken activities not authorized by 24 CFR Part 58 before approval of a release of funds by HUD; or (d) another Federal agency acting pursuant to 40 CFR Part 1504 has submitted a written finding that the project is unsatisfactory from the standpoint of environmental quality. Objections must be prepared and submitted in accordance with the required procedures (24 CFR Part 58, Sec. 58.76) and shall be addressed to Southwest Office of Native American Programs, U.S. Department of Housing and Urban Development at One North Central, Suite 600, Phoenix, Arizona 85004. Potential objectors should contact HUD to verify the actual last day of the objection period.

Olen McCloud, Tribal Chairman
